## American Freedom and the Mark of the Beast!

The Declaration of Independence states a truth so profound and obvious, yet so astonishingly resisted. That truth is - all men are created equal and endowed with certain unalienable rights that cannot be denied or changed because they are ingrained in our very being and existence.

Expressed in the Bill of Rights, these rights are not a mystery. Every human being knows them personally. But they were sacrificed on the altars of lust for power. Everything from priestcraft, despotic royals, emperors, generals, communists, nazis, thugs, and every other nasty secular and religious ideology that wanted to play God has imposed its suffering on the world. Until the American Revolution, opportunity for freedom was hard to discover on the pages of history.

But why? Why would humans let these most precious attributes be stolen from them? Because there is a dark supernatural power behind all of this! Revelation calls him the "great dragon... that serpent of old, called the Devil and Satan, who deceives the whole world..." [Rev 12:9]

When Satan took down Adam and Eve, he inserted his evil self as in charge of the world. It was through his tyrannical influence that rulers, who should have been the guardians of freedom, became lords, usurping powers that belonged to the Creator alone.

Revelation 13 predicted both the rise of the United States of America and its future. Unique to all others, this nation enshrined in its constitution, as principle, the teaching of Jesus: "Do to others what you would have them do to you, for this sums up the Law and the Prophets." [Matt 7:12]

Revelation 13 shows this mighty power rising from the earth with two Lamb-like horns! Those two horns represent civil and religious freedom. The founders wanted a state without a king and a church without a pope.

David Bolduc,

President

## President's Perspective

Many times over the past 19 years, since I was first impressed to look for a potential radio station, the issue of funds has come up. The age-old question is asked, "where will the funds come from?" I am encouraged by the following quote from Ellen White:

*"The means in our possession may not seem to be sufficient for the work: but if we will move forward in faith, believing in the all-sufficient power of God,*

*abundant resources will open before us. If the work be of God, He Himself will provide the means of its accomplishment. He will reward honest, simple reliance upon Him."* Desire of Ages, pg 371.

By the time you read this, we anticipate that we will be broadcasting in the Jackson, MI area! We moved forward in faith as we saw the Lord provided this opportunity out of the blue. Similar to what He did with WBHL and several other stations. Faithful supporters provided a down payment and operating funds. The owners of the station have graciously allowed us to broadcast on their station as we raise the funds needed for daily operations and ultimately the purchase of this station. To me, one of the big draws in this area is that this station reaches into a large prison. I remember a time when one of my relatives was in prison. Having a radio was a way of helping the inmates cope with life "inside." Please consider supporting the Jackson station purchase.

Strong Tower Radio is a faith-based ministry. We do not charge for any of our programming time. Many other Christian radio and TV stations require a programmer like **Amazing Facts** or **Your Story Hour** to reimburse them for airtime. From the beginning, our board has felt it is important to carry programming at no charge, and we trusted that the Lord would provide. He did, and He continues to provide. Praise His name.

# Changing Lives: An Early Morning Connection

Pam Leveille lives in Canada, in a small town east of Sault Saint Marie, Ontario, and for years she worked as a nurse. For a time, she was employed at a prison in Kinross, Michigan, to which she commuted almost 1 hour each way, when not staying in a rented room in Sault Ste. Marie, Michigan. Raised Catholic, she was having a tough time understanding what was happening in the Catholic church, particularly during the COVID-19 pandemic, when the churches let the state control them, including forbidding singing, limiting access to worship services, mandating interpersonal conduct with 6' distance, and saying what the government directed them to say. The state effectively controlled worship during that time.

Her concerns had grown to the point that Pam hadn't attended any church for a while as she searched for answers. She usually listened to pop or rock music while commuting, yet one morning Pam wanted something better, so she channel-surfed the FM dial at 5:30 a.m., heard a voice that sounded like Paul Harvey, and made the crucial choice to listen. It was actually the late Joe Crews, who packs a lot of truth into 15 minutes.

Pam heard about the bride, the beast, and Babylon and the attempted change to God's law. Captivated by the truth, she looked forward to each morning commute so she could listen to Pastor Crews and other speakers on this station called Strong Tower Radio (STR). She began researching Joe Crews, Doug Batchelor, and Shawn Boonstra, speakers she heard on STR, and discovered that they were all Seventh-day Adventists (SDA). What's that? Who are they, Pam wondered?

Pam didn't know much about God, Jesus, or the Holy Spirit, and many of the things she heard on STR puzzled her. She had been trained to pray to saints and not directly to God, to avoid reading the Bible, and as an adult, shortly before she stopped attending Mass, a priest told her, "You shouldn't read the Bible, just hear the Word of God." By this time, Pam knew that was not Biblical. [This is, in fact, anti-Christ teaching. If you can only hear the Word of God when read by the priest, then that priest puts himself in place of Christ, God's Word expressed, and the Holy Spirit who teaches us all things of God's Word. Anti = instead of.]

They wanted a nation whose laws were just and whose leaders were servants. In human history, no nation has ever arisen with the power, wealth, and influence that the USA exercises in the world. Yet, its principles of freedom have been its greatest gift to the world. This is the secret of its power and God's special blessing.

But Revelation's prophecy about this great nation doesn't stop with the Lamb-like horns. It is predicted to change tragically. The Lamb-like nation ends up speaking like a dragon. In contrast to its beginning, it will make an image to the principles of the Dark Ages! In those times, corrupted Christianity acted like a dragon by torturing millions to death, who only wanted to worship God according to the dictates of their own conscience.

This nation, at some future point, will lead the whole world into worshipping a rebuilt image of the dark age beast from the sea. One can only shudder at the thought that the USA will use its enormous power and influence to lead the world into the "mark of the beast." A repeat of the dark age persecution, where an apostate Church ruled the state. [see **Rev 13-14, 17**]

However, Heaven's justice will not allow sinners to rule. Jesus will return. And the result will be a new Heaven and a New Earth where freedom lives forever. May God's grace prepare our hearts for that great day!

## Changing Lives: An Early Morning Connection (Continued from page 3)

She learned that many things which she'd been taught in the Catholic system were tradition, not truth.

Pam listened to STR for about eight months before visiting a local SDA church. Research revealed three SDA churches local to her, and Pam attempted to visit one on a Sunday morning, a tribute to the influence of habit and presumption. Finding the church empty, she returned the following Saturday and was met with a warm welcome. Pam loved the Bible-based messages and said, "This is where I want to be."

The Holy Spirit provided a powerful affirmation to Pam the second Sabbath that she attended Cornerstone SDA Church in Sault Saint Marie, Ontario. She was so early that the church doors hadn't been opened, yet there waiting when she walked up were Joanne Dubreuil and Myles Trowbridge, two church members who had previously connected with the everlasting gospel through listening to STR!

Pam's family, however, was alarmed over her interest in SDA messages and churches, telling her "it's a cult" and other diminishing narratives they'd heard from friends or priests. Instead of arguing with them, she invited them to come with her, visit the church, and see for themselves. They accepted that invitation and now realize that they were told lies and the SDA church isn't a cult, etc.

After Bible studies to affirm Pam's understanding of Bible truth, she was baptized August 2, 2025, at the Cornerstone Seventh-day Adventist Church. Praise God!

Pam looks back on her experience and states that "I was missing the Bible so long that God tuned me to STR one morning at 5:30 a.m. to hear Joe Crews. His voice sounded like Paul Harvey, I wanted to listen!"

Pam still listens to STR and finds **Bible Answers Live** really helpful. So many of her own questions have been asked on that program, and she loves how "they provide clear, Bible answers in a calm and cheerful way." Pam named other programs that bless her, including **Jennifer's Kitchen**, **Authentic**, and **Answers In Genesis**. As she aptly states, "there are so many good programs on STR!"

Pam utilizes Strong Tower Radio and **Amazing Facts** to reach others with the full gospel as doors open. As the Holy Spirit opens those doors for her, Pam shares with people how God works in her life because "now I have something to say!"

Tom Mejeur

The STR mini-series entitled *Declaration at 250: Religious Liberty Then and Now* is at its mid-point. We look forward to sharing a different narrative than is in the evangelical culture at present.

We will be recording Dr. Brian Strayer's Midwest Lincoln tour organized by Jesse Landress. We will bring back the raw field recording and air it on Strong Tower Radio at a future date.

We try not to count our chickens before they are hatched, but Strong Tower Radio has been promised the 30-minute **Starting with Jesus** program for children. We are working on the logistics, but we are expecting to air it in a few months. Another program, Blind Camp Devotions with Pastor Fred Calkins, will be recorded live the last week of July.

We are looking forward to that treasure trove of content. This may be in October or November.

A look ahead at STR-produced programs on **STR Today**: the *August Preview* with Pastor Jay Gallimore, Gary Heilig the **Garden Guy**, followed by Daniel Binus of MindCare exploring the connection between *Shame and Mental Health*. Finally, Underwriters' Laboratory Chemical Insights Researcher, Dr. Maureen Meister, reveals emerging data on *Vaping Dangers*.

The **Strong Tower Radio Feature** has a fascinating insight on the *Ionia Prison Ministries & STR Programming* on prisoners receiving the Greenville transmitter signal. Andrews University professor, Dr. Boon-Chey Ng, shares his perspective on *Faith and Material Science*. We take a delightful tour of the Andrews University Animal Husbandry Program with Dr. Kathy Koudele, discuss best lifestyle practices with Linda Clark, and do a fun-filled science pilot episode with Dr. Ryan Hayes, which we are calling Faith and Chemistry Part 1. This is just a portion of the programs we have recorded through the end of 2026.

# Experience the Truth

The recent World Cup soccer matches, hosted by the United States (U.S.), provided an opportunity for many people to visit the U.S. for the first time. Various sources at home have told those from Europe that America is a declining country, the infrastructure is falling apart, there's high crime and greed, and that U.S. citizens are cold and unfriendly. While you can find all of these problems in the U.S., they don't describe the majority of the country. After spending several weeks in the U.S., most European visitors experienced the complete opposite of what they'd been told. The people in the U.S. were very friendly and helpful; everything is so large and well-kept [stores, roads, travel centers], even the police are friendly!

Many people have a similar experience with God's character. Lies are frequently told about God, and many also experience a distorted view of God through unfaithful Christian witness. We're called to tell the truth about God's character (**Rev 14:6-12**), especially in this end time; in fact, *"the last message of mercy to be given to the world is a revelation of God's character of love."* [Christ Object Lessons p.416]

When those who love the truth discover God's character, they realize that they've believed Satan's lies, told through many channels, and they abandon their distorted picture of God. Sadly, many don't love the truth. It's inconvenient, often unpopular, and requires change in the believer. We don't let that deter us; all need to hear and see the truth that God loves them and wants to transform them back into His image.

You are called to be part of that revelation, both in word and deed, and God has raised up Strong Tower Radio (STR) to help you proclaim God's character of love in bold, clear lines across the airwaves in Michigan, Illinois, and globally through web streaming, all 24/7/365!

Let's go forward with greater boldness, into new areas, reaching more people in all regions where STR broadcasts! Thank you for living the truth, and by your prayers and financial donations, helping others to experience the Truth for themselves. Jesus Christ is the Truth; He's life-changing, and He's reaching people through STR!
